

DISCERNING SCHIZOPHRENIA

PART 7 – FAILURE TO DISCERN AND DELIVER

The schizophrenia construct fails on at least five counts.

1. Failure to define
2. Failure to distinguish
3. Failure to diagnose
- 4. Failure to discern**

The impact on numerous aspects of life demonstrates undiscerning care:

- a. Impact on identity**
- b. Impact on health**
 - i. Adverse side effects**
 - ii. Overlooked etiology**
- c. Impact on relationships**
- d. Impact on talents**
- e. Impact on emotions**
- f. Impact on responsibility**

- 5. Failure to deliver**
